What is going on in our classroom is we are working on bar graphs, and tally graphs, and pictographs too, and Mrs. Salter is teaching us maps.

I went to the Zoo. It was fun. I had fun. We only did two tests. They were fun and kind of easy. We do some work. We draw and we color, and every day our moms drop us off.

We have papers to do, and then we circle the things we're supposed to do, but if our teacher tells us to go on the table with her, we have to do that. If she doesn't tell us to do it, we can do our own little thing.

Stories, poems, articles, and *great* jokes from student news reporters at Arbor Heights Elementary School in Seattle, WA

News from the classroom.....

**August and Jose
Room 25, Grade 4**

Three weeks ago we went to the zoo and had lots of fun. We also went to a "Salmon Homecoming" and we got cool things like Frisbees, pencils, and balloons. For lunch we got hotdogs, chips, and juice. Our class is different because it is upstairs. We get lockers, and we get to use the computer lab A LOT!

**Jacqueline and Vanessa
Room. 21, Grade 4**

In our classroom we're doing science. In science we are making habitats for our critters. We have crickets and white cloud fish, and there are isopods and water snails on the way. There was excitement in room 21 when they first arrived. Questions were asked, and crickets were hopping all around. It was fun. Fourth grade is different from third because we're upstairs (which is hard to do in the morning). It's also more exciting than third grade.

Collect the acorns and take them home

More classroom news.....

**Nathan and Logan
Room 12, Grade 3**

Last week room 12 went on a field trip to the Seattle Children's Theatre to watch *Harriet's Halloween Candy*.

In class we did Henri Rousseau jungle art. And we are doing tally graphs, bar graphs, and pictographs too.

**Stephanye and Maya
Room 15, Grade 1**

We like school.
We like to play
with our friends.
We are going to
have a field trip to
Harriet's Halloween
Candy at the
Children's Theatre.

Welcome
back to
school!

Even more classroom news.....

**Natalie and Peter
Room 13, Grade 2**

Me and my dad and my sister and my brother went on a vacation. We went to the restaurant. Then we went to the beach.

Me and my family went on a vacation and we went on a bus, then a hotel, and then we went to the restaurant. And then we went to sleep at the hotel.

**Makenzie and
Christina, Room 22,
Grade 5**

We are studying about ecosystems. In science we built terrariums, and we planted seeds. And now we're building aquariums. They are going to have fish and plants in them.

Also we are going to go to the watershed next week. It will be a lot of fun.

**William and Alexandra
Room 18, Grade 2**

Our class is learning graphs, and we made fall leaves and self portraits, about me books, oysters, private eye, and class books.
