Mayuna, Ayden
Room 22, Grade 5**

We played games at
Camp, and it was fun! We
went horseback riding. The
horses wouldn't listen to us.
We played Capture the
Flag. It was kids vs. coun-
selors.

We went swimming in a
pool. It was fun. Mr. G's
wife came. She's nice.

We saw a baby horse
named Oreo.

Interview with Max N:

What are you learning in class? *Measurement*. What was your favorite field trip? *Fortune cookie factory*. What is your favorite subject? *Social studies*. What will you miss the most when school is over? *Ms. Salter and friends*. What are you going to do this summer? *My family and I are going to Montana*.

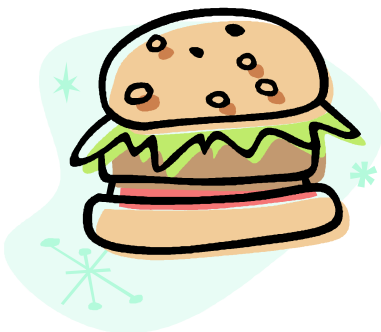

Now two people in our class are gone, Bailey and Isabelle. We miss them a lot! We are going to the Arbor Heights Pool for the pool party.

We have learned a lot. We are almost done with multiplication 2.

Ms. Salter went to her son's graduation from agent school.

Sara (me) and Robin are the new news reporters. Bailey and Isabelle were news reporters, but both of them went somewhere. I was hired first, then Robin. I was hired for Bailey. Robin was hired for Isabelle.

Joke: What is a common boys' name and a food?

**Ptolemy and Rose
Room 10, Grade 3**

We started a new science unit, and it was on plant growth and development. We grew Wisconsin fast plants.

On June 6th the 4th grade math unit was learning latitude and longitude.

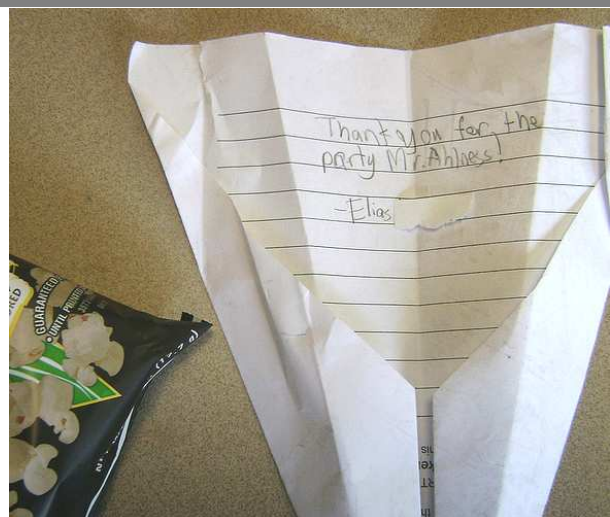

In writing we are finishing our realistic fiction unit. Ms. Laye is editing, and we are doing multiple drafts for our stories.

This month we have two field trips, one to Lincoln Park, and one to the pool party.

Rose's favorite subject is reading. Ptolemy likes reading, too.

Rose will miss the books in Mr. Fisk's class, and Ptolemy will miss Choice time.

This summer Rose is going to go camping with her mom, and then she's going to visit her aunt and uncle. Ptolemy is going camping at Deception Pass and Kachess Lake. For Kachess Lake, he will bring his dog Ulugh.

Jacob and Sawyer Room 25, Grade 4

In science we're working on circuits and pathways. In health we're studying carbs, fats, and vitamins and minerals. This is so we pass the state CBA.

Our favorite field trip was the zoo, because we only went on three field trips. Another reason the zoo was our favorite field trip is it was open, and we could run around.

Our favorite subjects are reading and math.

Sawyer is going to Universal Studios, Georgia, and Pittsburgh, Pennsylvania. Jacob doesn't know what he's doing this summer.

When school is over the thing that we'll miss the most is being in Ms. Sato's class!

Cole and Vivian Room 13, Grade 2

We are learning about math, connecting fact families, art, reading, correcting sentences, and multiplication.

Our favorite field trip was going to the zoo.

My favorite subject is math. I am going to Montana. Our teacher is going to her daughter's wedding. Wyatt is going to his grandma's house. Curtiana is going to the Boys and Girls Club. Alex is going to the mountains and Oregon. Hannah is going to the Arbor Heights Pool. Caroline is going to the state of Carolina. Tyler is going to Wild Waves.

What do you call a shooting star?

Ahlam's going to Arizona in the summer maybe, and Adrian is going to Canada.

Why are vampires stupid?

Because they're suckers!

**Ryan
Room 12, Grade 3**

Today we're learning how to draw the cursive letter Pp. We have to write a sentence. Yesterday we learned the cursive Oo. It is just a loop with a tail.

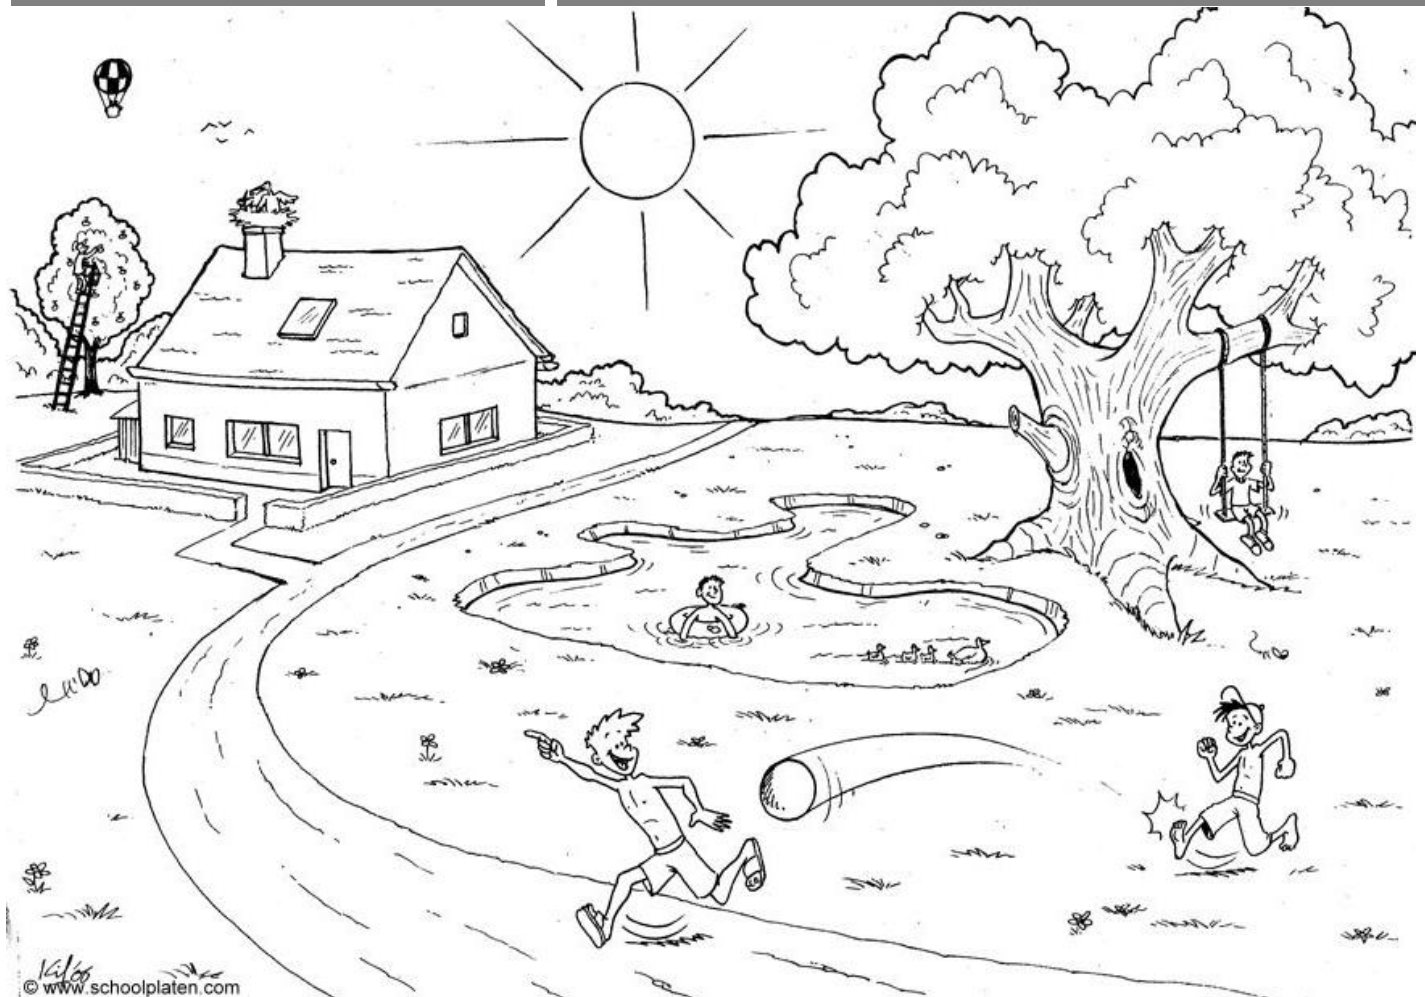

On Monday we're going to have Art. I hope we do something fun.

**Mrs. Kennewick's
Class
Room 24, Grade 5**

We are getting ready for fifth grade graduation! Our favorite field trip was Camp. We all like gym. We will all miss our friends.

Why did the dog cross the road twice?
