## From Classroom Reporters.....

### Andy and Jessica Room 9, Grade 3

In Room 9 we have game day every Friday. How it works is the teacher has a chart with the groups on it. The groups get points by being good. At the end of the week the teacher sees what group has the most points. Then they get to lead the game day and pick a game to play. They also get a treat, a home work pass, and they get to be in the front of every line. They get to do everything first.

Andy: What goes oob?

Jessica: What?

Andy: A ghost in reverse!

### Matthew and Brittany Room 3, A.M. Kindergarten

Some things we've been doing in Room 3 are making Dr. Seuss books and making smiley pumpkin faces. We're getting ready for Halloween by putting Halloween decorations up and painting Halloween pumpkins. We've been working on rhymes.

### Pedro and Holly Room 3, P.M. Kindergarten

We painted fur and cut it to make bears. We color in our alphabet books. We are making Halloween decorations. We made ghosts jump out of cups.

A favorite Halloween joke:  
What does Dracula like to eat?

.....Bloodsghetti!

### Bryan Room 21, Grade 5

Right now Room 21 is making patterns in art, and we are about to finish our mystery books for our book reports. Our plans for the holidays are, we will do art projects about the holidays.

Why didn't the skeleton go to church?

Because he didn't have an organ!

### The Old House by Adam

Once upon a time there was a boy named Scott. One day he was walking home, and he was going right past the old house. A lot of kids thought it was haunted, but he didn't believe in ghosts. He wasn't very popular, so he tried to get some popular kids to dare him to stay there for one night.

They did so one cold night. They went over to the old house. He got comfortable and fell asleep, but he was awakened by someone saying, "GET OUT!" And then he saw a dead person say, "GET OUT"..... (choose your ending)....

1) ...."and order some pizza!"

- or -

2) ....and he ran as fast as he could, and he swore to himself he would never do something that stupid again.

## The 8 Ghostly-like Hands by Kira

In 1988 on a gloomy Halloween night 4 fifth grade boys stole some things from the school office. When the 4 boys were across the street from their house, 8 ghostly-like hands grabbed the 4 boys and pulled them in a nearby bush.

Years later in 1992 the same thing happened to 4 sixth graders. No one knew who the 8 ghostly hands belonged to, 4 ghosts, or 4 kids? 16 days later the 8 boys were found. The 4 fifth grade boys were now in ninth grade. The 8 boys were the only people who knew the whole story! **The End**
