Go to the Room12 Top Ten List, and look at number 1. There are two falcon nests with cameras on them right now. Smoke is the son of Mae. They both have nests, and their eggs are about to hatch! Answer the following questions:

Mae's Nest

How many seasons has Mae been at the King plant? _____

How many eggs did she lay this year? _____

When did Mae hatch? _____

Draw a picture of how Mae looks on the nest right now:

Scroll down and click on "**You can also view the still pictures that capture today's [day in the life of the falcons at King Plant](#)**". This will show you a large picture of Mae on her nest every two minutes.

You can print out your favorite picture.

Smoke's Nest

Who is the female at this plant? _____

When did the first egg appear? _____

When was Smoke born (when did he fledge)? _____

Draw a picture of how Smoke or Sophia look on the nest right now:

Scroll down and click on "**You can also view the still pictures that capture today's [day in the life of the falcons at High Bridge](#)**". This will show you a large picture of Smoke or Sophia on their nest every two minutes.

You can print out your favorite picture.
